Covid Relief

I want to use this opportunity to express my thoughts about the COVID Vaccine. I know there are those who have chosen not to get the shot and I appreciate your opinion.

I have read that 45% of white evangelical churches are opposed to getting the shot and that begs the question, "Why?"

The mission of the church as given by Jesus in Matthew 28 is to

"Go into all the world and make disciples of every nation" but the virus has hindered the church in doing so. As long as the virus is active in the world, some countries are off limits, like India.

The command of Jesus is to "Love your neighbor as

yourself". If your "neighbor" believes in the vaccine and does not want anyone around who hasn't had the vaccine, how does one not getting the vaccine show one's love and consideration for them?

I know in a few cases there may be some extenuating medical circumstances that

prevent you from getting the vaccine and that's understandable, but please make sure that's the reason.

I believe in the effectiveness of the vaccine and pray that you will and do as well. This will be the way we get things back to normal. So please get your vaccine today, for your sake and for the sake of others.

Pastor Kim

Warm Hearts ~ Warm Babies (Eloise)

Drive Reminder

Donations are again being made to Warm hearts, Warm Babies, a non-profit organization dedicated to helping babies who are in need. We hope to make a couple of donations this year, the first on June 15, 2021.

There are many ways to contribute! Crafty people might want to make baby quilts, knitted and crocheted items, etc. Certainly, store-bought items are welcome, as well. These are just a few of the items that are needed: onesies; new-baby clothing (up to six months of age); diapers; socks; bottles; baby toiletries; receiving blankets; new or homemade toys;; bibs; burp pads; sleepers; fabric (cotton, knits, fleece, and flannel); batting; yarn; white thread.

For additional information, contact Eloise.

Women's Fellowship

Although we have not yet been able to meet, we are hoping that day will be coming soon! In the mean time, we will continue our support of Warm Hearts ~ Warm Babies as always! As you can see from the article above, Eloise is taking care of this mission and the church is currently collecting items with the hope of delivering them mid-June. Please bring all Warm Hearts ~ Warm Babies donations to the church anytime before June 14. Eloise has great suggestions for needed items in her article! Thank you, as always, for your support of this mission!

Church Council (Clark)

May 2021 Report

The month of April has been true to form of "April Showers Bring May Flowers". We are happy to receive it in the form of snow. March/April found Linda and I missing from church due to Covid-19 for her and both us quarantining. I don't have much to report.

In April the Council met and discussed a few items:

The Pastor gave us an update on the best place to view and to store the 85-inch TV that will be donated to us by Stork Mortuary.

The placement of a car in the far West Parking lot by Pastor Kim has curtailed the tearing up of the lot by unknown people. We are planning on recording those trespassers if they continue in other areas of that lot.

We are praying that we achieve "herd immunity" that would enable us to enjoy, possibly in August, an outside cookout. Your Head Chef Pastor Kim and his faithful assistant Clark agreed to do the cooking honors. Be sure to bring your Roloids and Tums.

Colorado Paving Solutions has been selected to repave the West Parking Lot possibly in May. They will mill/remove the top 2-inch layer, lay a new layer and then lastly repaint the parking lot.

Thank Jesus and all of you for allowing us to serve.

Clark

My Living Will

Last night, my kids and I were sitting in the living room and I said to them,

"I never want to live in a vegetative state, dependent on some machine and fluids from a bottle. If that ever happens, just pull the plug."

They got up, unplugged the computer and threw out my wine!

Rotten kids...

MISSION MOMENT (PASTOR KIM)

The mission of **Project Angel Heart** is to deliver nutritious meals to improve quality of life, at no cost, for people living with cancer, HIV/AIDS, kidney and heart disease, and other life-threatening illnesses. More than 2,500 men, women and children in need of nutritional support in the Denver metro and Colorado Springs area are helped yearly. Project Angel Heart prepares and delivers nutritious meals to improve quality of life, at no cost, for those coping with life-threatening illness. The meals are prepared using fresh ingredients in a commercial kitchen run by professional chefs in Denver, CO, and distributed across 750 square miles of metro-Denver and 95 square miles of Colorado Springs with the help of thousands of volunteers. They serve people of any age who are affected by life-threatening illness, and they also serve dependents of clients who are, due to their disease, unable to access and prepare food for their dependents. Please give generously for this local outreach.
